# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

### Cal OES Southern Region Storm, 2016-01-05 Winter Storm

- The Southern Region Emergency Operations Center (SREOC) is activated to Level I and continues to coordinate the regional response in support of 2016-01-05 Winter Storm.
- A Regional Event has been created in Cal EOC: 2016-01-05 Winter Storm

### Critical Concerns

#### **San Bernardino County, Power outage, Southern California Edison (SCE)**

- An extended power outage has been reported by the San Bernardino County territory rep in Forest Falls. The outage may not be restored until Monday for some customers.
- Approximately 31 customers in the Jenks Lake and Forest Falls areas continue to be impacted by the prolonged outage. The estimated restoration time for remaining 31 customers is today, 1/11/16 at 1800 hours
- The SCE Incident Management Team (IMT) established to support the restoration efforts is planned for demobilization today
- SCE's mobile command unit will remain at its Yucaipa location until 2100 hours tonight
- County Fire has partnered with SCE in the distribution of approximately 125 blankets and 200 flashlights
- Fallsview Water Company, working with SCE to reenergize the final pump on the Jenks Circuit by 1800 hours tonight
- Big Falls Well is being powered by generator, residents have water, SCE power not expected to be restored to well site until tomorrow or Wednesday
- There are no requests for state assistance or unmet needs at this time

#### **American Red Cross**

- Shelter and shelter support teams will remain on standby in the Yucaipa area through Tuesday, 1/12/16

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

### **Northern California**

- Unsettled pattern will bring multiple systems this week into the weekend across northern California.

### **Southern California**

- High surf conditions are expected for the Central Coast through much of the coming week.

### **Active Weather Warnings, Watches and Advisories by County:**

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Eureka Weather:**

Light rain or sprinkles can be expected today as a weak system moves through the region. A stronger system will begin to impact Northwest California on Tuesday and continue into Wednesday bringing periods of heavy rain and windy conditions. The wet pattern will continue into this coming weekend.

#### **Medford Weather:**

Today through Thursday a return to a wet and windy pattern beginning with a weak system today, followed by a much stronger system Tuesday and Wednesday.

#### **Reno Weather:**

High pressure will remain along the West Coast into Tuesday. Valley inversions will strengthen with dry conditions. The next area of low pressure will approach Wednesday which may provide the next chance for snow in the Sierra.

#### **San Francisco Weather:**

A weak system passing through will bring some light rain to our area today mainly over the North Bay. A stronger and wetter system will bring widespread rainfall and gusty winds to the region beginning Tuesday night lasting into Wednesday.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

Patchy valley fog possible overnight otherwise weakening Pacific storm will move through Monday with main threat of light precipitation over the Coastal and Western Shasta mountains. Potentially stronger storm is forecast Tuesday night and Wednesday with unsettled weather possibly continuing into next weekend.

#### **Hanford Weather:**

A weak system will track to the north of our area today with weak ridging taking place over the region allowing for fog development during the late night through mid-morning hours on Tuesday. A stronger system will move through our area on Wednesday and Wednesday night providing for rain and mountain snow.

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Weak offshore flow will bring dry conditions and a warming trend today and Tuesday. On Wednesday another cold front will sweep across the area and will bring the threat of rain and mountain snow. Thursday and Friday will be dry but another system may bring additional precipitation on Saturday and Sunday.

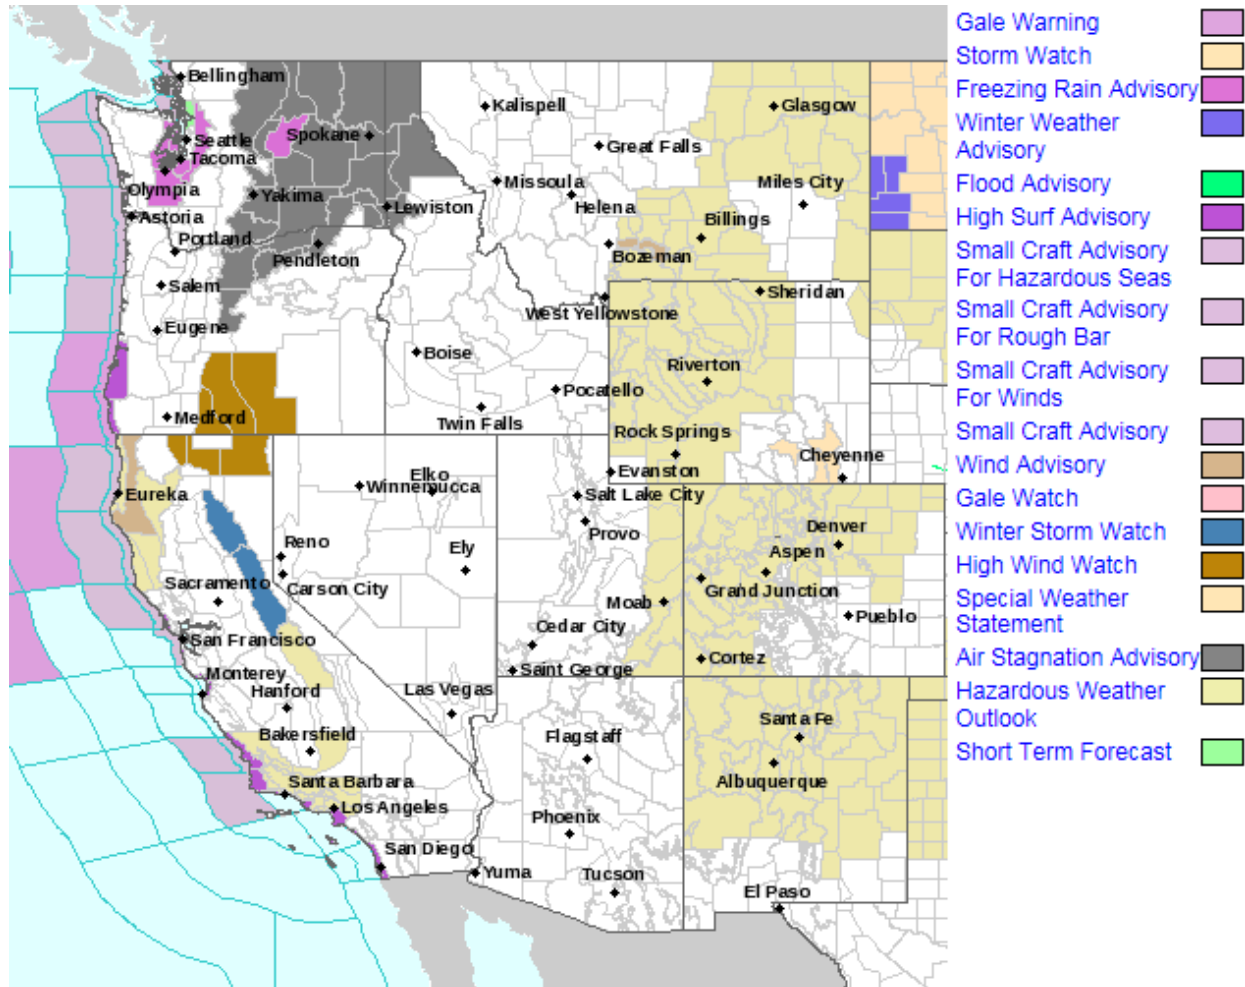

#### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

Fair and dry with minor warming Monday and Tuesday then cloudy and cooler with a chance of showers late Wednesday into Thursday. Fair weather returns for Friday with a small chance of precipitation sometime next weekend.

#### **Southeast California Weather:**

A quiet but cool week is in store across the region. Dry weather will prevail at least through Thursday. Temperatures are expected to remain below normal through the entire week.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

# CAL OES MISSIONS

## New/Closed Missions

- **2016-LAW-20790, 1/10/2016, 0917 hours, Los Angeles County Sheriff's Department (LASD) requesting cell phone forensics from AFRCC to assist in their search of a missing 51 year old woman last seen in the Wrightwood area on 1/9/2016. AFRCC accepted the mission. Update: 1/10/2016, 1309 hours, LASD advised MP was located alive and well. LDO updated AFRCC. Mission Closed**

## New/Cancelled Missions

- **2016-LAW-20796, 1/10/2016, 1252 hours, Riverside County Sheriff's Office(RCSO) requesting (12) type-1 alpine searchers for an immediate response to assist in searching the Mt. San Jacinto area above the Palm Springs Tram for a reported missing/overdue 28 year old male hiker last seen on 1/9/2016. This request is for an immediate response for a night operation with a 1800 hour briefing at the ICP located at #1 Tramway Road, Palm Springs. Conditions at the summit are two feet of snow and ice, low temperatures, and threat of inclement weather. Search elevation is above 8,600 feet. RCSO also requesting additional (12) type-1 alpine searchers for a day operation, 1/11/2016, with a 0800 hour briefing. Cal OES LEB coordinated the response with Los Angeles, San Bernardino, and San Diego County Sheriff's. Update: 01/10/2016, 1426 hours, RCSO advises MP found alive and well requesting all mutual aid resources be cancelled. Mission Cancelled**

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
